- 6.3 We may at any time without notice to you, set off any of your liabilities (i) to any of our Associated Companies against any liability of us to you, whether either liability is present or future, liquidated or unliquidated and whether or not either liability exists under this Deemed Supply Contract, or (ii) Us in relation to any outstanding sum due by You pursuant to the terms of this Supply Contract against any overpayment received from You either under this Deemed Supply Contract, or another contract between You and Us or You and an Associated Company. However, where we receive non-validated, incomplete or, in our reasonable opinion, inaccurate Consumption Data we will be entitled to charge you on the basis of our estimate of consumption. Ending the Supply Contract

4. Either you or we may end the Supply Contract, and prevent the extension of the Supply Contract, by providing written notice at any time up to thirty (30) days prior to the next Renewal Date, save for where you are being supplied under a Deemed Supply Contract which may be terminated at any time in accordance with clause 3.1 of the Deemed Supply Contract Terms and Conditions.
- 4A. Where you provide written notice to terminate the Supply Contract in accordance with clause 4 of this Supplement, provided that such notice is received no less than thirty (30) days prior to the Renewal Date, we shall provide you with acknowledgment of receipt of the notice no less than five (5) Working Days from the date of receipt by us of that notice.
5. If either Party provides the other with written notice to end the Supply Contract, both Parties may still enter into a new Supply Contract, or you may arrange to change your supplier.
6. If you wish to change your supplier, you must pay all invoices by their Payment Date, otherwise we may object to the transfer.
7. If you end the Supply Contract and both Parties have not agreed a new Supply Contract then, until such time as another supplier has been registered, you will be charged at our Default Contract Rate (and not the Charges).

Renewal Terms

8. Around sixty (60) days before each Renewal Date we will write to you with a Statement of Renewal Terms, detailing the options available to you, and including:
 - a. the Renewal Date;
 - b. the latest date on which you can provide notice to prevent the extension of the Supply Contract, which will be thirty (30) days before the Renewal Date; and
 - c. the postal and email addresses to which you can send your notice to prevent the extension of the Supply Contract.
9. If you do not provide notice to prevent the extension of the Supply Contract and both Parties do not enter into a new Supply Contract, the Supply Contract will be automatically extended for a further 12 months at the Charges and Terms and Conditions contained in the Statement of Renewal Terms.
10. If you do provide notice to prevent the extension of the Supply Contract and both Parties do not enter into a new Supply Contract, you must enter into a contract with another supplier. If a new supplier does not commence supply when this Supply Contract ends, you will be charged at our Default Contract Rate detailed on the Customer Area of our Website (and not the Charges specified in the Renewal Terms), until such time as another supplier commences supply or you enter into a new Supply Contract with us.

Invoicing

11. We will notify you on each Invoice of the date on which the current Supply Period ends and the period of written notice that you must provide prior to that date in order to end your Supply Contract.

Consumption Data

- 12.1 If at any time during the Supply Contract, you have a Remote Access Meter or Smart Metering System at any of the Supply Points, we may receive Consumption Data in relation to those Meter Points including but not limited to Consumption Data relating to periods of less than one (1) month and this clause shall constitute notice of our intention to obtain such Consumption Data.
- 12.2. If we receive such Consumption Data, it may be used (i) for billing purposes; (ii) to enable us to comply with any regulatory and/or legal requirements; (iii) internally within the ENGIE group for energy reporting and analysis purposes; and/or (iv) for such other purposes as may be agreed with you in writing from time to time, including but not limited to the provision of Consumption Data for the purposes of energy consumption monitoring.
- 12.3. If you do not want us to receive data relating to periods of less than one month (such data then being "**Unauthorised Data**") in accordance with clause 12.1 above, you may object in writing in accordance with Clause 11.10 of this Supply Contract and we will cease to obtain the Unauthorised Data as soon as reasonably practicable after receipt of your objection.
- 12.4. If, following receipt of a written objection sent to us by you in accordance with clause 12.3, we are unable to remotely configure your meter to prevent Unauthorised Data being sent to us or a Service Provider, we will, as soon as reasonably practicable:
 - (i) take all reasonable steps to prevent the Service Provider passing Unauthorised Data on to us or any other third party; and
 - (ii) take all reasonable steps to ensure that the Service Provider permanently erases Unauthorised Data; and
 - (iii) permanently erase any Unauthorised Data that we have obtained.
- 12.5 Our failure to comply with the provisions of this Clause 12 shall not constitute a breach of the Supply Contract for the purposes of clause 10 of the Terms and Conditions or otherwise.
